

ALGEBRA SEMINAR

Representations of S_n : the method of Okounkov & Vershik

Martin Lorenz
Temple University

ABSTRACT: In this mini-course (at most three lectures), I will describe the Okounkov-Vershik approach to the construction of all complex irreducible representations of the symmetric groups S_n . The lectures will be accessible to graduate students with some background in algebra.

MONDAY, FEBRUARY 7, 2011
1:40 – 2:30 PM
ROOM 617, WACHMAN HALL
