

# ALGEBRA SEMINAR

## *Minicourse on Representations of Algebras, II*

Ed Letzter  
Temple University

ABSTRACT: An introductory tutorial for graduate students on representations of (possibly infinite dimensional) associative algebras. Beginning with the basic setup and proceeding (as time permits) to the geometric parametrization of finite dimensional irreducible representations due to Artin and Procesi. This minicourse should be accessible to students who have completed first year graduate algebra or who are currently enrolled.

MONDAY, DECEMBER 2, 2013  
1:40 – 2:30 PM  
ROOM 617, WACHMAN HALL  
DEPARTMENT OF MATHEMATICS
