MATH CLUB

**All of Math is Wrong, Actually—
Andy Eisenberg**

WHEN

**April 11 2024
5-6 PM**

WHERE

Wachman Hall 617

We'll discuss a variety of classic "proofs", showing that $1 = 2$, that $3 = 0$, that $\pi = 4$, that every horse is the same color, and more. We might watch some Abbott and Costello. The room might get filled with infinitely many tennis balls.
